Editorial Review

Review

"Anyone with Eye-Related problems needs this book. Dr. Kondrot talks to us in an easy-to-understand language, gives us many ways to help keep our eyes healthy, and discusses the medical ramifications of macular degeneration simply and in a straight forward manner. It is a joy to have a medical doctor finally embracing the many alternative medicine 'tools' that are out there today in an intelligent manner - and from experience." -- *Eileen Naumann, Author of Homeopathy 911*

"I just read "Healing the Eye the Natural Way", and it is terrific. The book is organized, factual, and simple yet thoroughly explained with great examples to clarify complex ideas about macular degeneration."

"This is a very practical guide that patients can use to evaluate their condition, make choices and initiate a reasonable program for themselves. Hope reigns eternal, and hats off to you for explaining why it should, on a mind, body and spiritual level that emphasizes self empowerment." (Dahlia Hirsch, MD (Ophthalmologist and Wholistic Doctor)) -- *Dahlia Hirsch, MD (Ophthalmologist and Wholistic Doctor)*

"When my husband found out that he had Stargardt Macular Degeneration, we were told by our doctor that there was nothing we could do but go home and wait for blindness to set in. I tried to stay positive and searched the Internet for cure. I found some interesting facts and herbs but no real cure. Finally, by the grace of God, I discovered your practice. Without you we would be preparing for a seeing eye dog, Braille lessons, and other life altering changes." -- *Robin Buchman, Patient's Wife*

From the Author

Why another book dealing with alternative medicine and vision problems?? I felt there was a need for a book that goes beyond nutrition, vitamin and mineral therapy for the treatment of macular degeneration. Over 20 years of practice have convinced me that there are alternative therapies that can be of great value in the treatment of this disabling condition. I want to share with the reader important information regarding vision therapy, homeopathy, chelation and micro-current stimulation that can change the life and sight of many people.

About the Author

Dr. Kondrot is a medical ophthalmologist who has been in practice for over 20 years in Pittsburgh, Pennsylvania. Since 1988, when he was introduced to the science of Homeopathy, he has become an avid student of classical homeopathy receiving his diploma from the Hahnemann Medical College. In fact, at this time, he is the only ophthalmologist in the country who specializes in Classical Homeopathy. Due to his genuine interest in helping people with degenerative eye disorders, he has developed a comprehensive protocol to guide us not only for healthy eyesight but also a healthier life. He has spent a number of years researching and using various natural therapies to help his patients with Age Related Macular Degeneration restore their sight, or at least arrest the progress of this disorder which may lead to severe visual impairment.
