A Cumulative Index to the Grammar and Syntax of Biblical Hebrew By Frederic Clarke Putnam

This book lists all textual references in thirteen works on the grammar and syntax of Biblical Hebrew, including several that are not indexed in themselves. This allows someone studying a text to look up that reference (in canonical order) and find all of the places in these works where that passage is mentioned, so that the student of TANAK/Hebrew Bible does not need to look through each index *ad seriatim*. It encompasses the entire TANAK, including the Aramaic portions.
