Editorial Review

Review

"This book has something for everyone, and maybe something you didn't even know you needed. Each author paints an intimate scenario between loving and trusting couples. I like how some of them were borderline romance. But with a lot of kink thrown in. It goes to show that someone's kink is someone else's normal. It's all about what floats your boat. There is no judgement, just exploration of self." -- My Library Book

"The other story that captured my attention most is Baby Steps by Justine Elyot. This is a beautiful story of a new mom who is ready to be spanked again. I loved her assessment of her body, how real her feelings and fears are but she is brave enough to move past them. It is very sweet and tender in places and I do so love a good bit of mush with my naughtiness." -- Prism Book Alliance

"Couples in the stories may be casual lovers or committed couples. What they share in common is their hot passion and their very kinky desires and play times." -- The Itinerant Librarian

From the Inside Flap

Introduction: Kinky Is as Kinky Does

What does it mean to be a "kinky couple"? Does it mean both partners hit the dungeon every night--or have one in their home? Does it mean wearing a collar? Does it mean a 24/7 BDSM lifestyle? Yes, yes, yes--and no.

The truth is, like so many aspects of sex, "kinky" is in the eye of the beholder. One half of a couple may be kinkier than the other--in fact, those kinds of stories often yield extremely powerful transformations.

If you were to pass some of these couples on the street, you might peg them immediately as a little bit naughty. Others, you'd stroll right by, without any sort of erotic antennae tuning in. Many of them take pains (pun intended) to hide their kink--or exult in the thrill of maybe, possibly--hopefully--getting "found out."

The thrill here, what makes these dates "dirty" in the best sense, is the tension between tops and bottoms, doms (and plenty of dommes!) and subs, those craving control and those who desire nothing more than giving up control. Actually, there's a third category of sub, one who teeters on the edge between giving up and exhorting his or her own control. That fine line is teetered upon perfectly in "Switch," by Mina Murray, when narrator Cass notes: "He smiles, a sly look that does nothing to warm his eyes. That's when I start to get nervous." Keeping a sub on edge is all part of the kinky fun, but Murray makes it clear that this dom's mastery comes from the heart when he tells Cass of her new chains: "I had them made especially for you. With padded cuffs, to protect that creamy-soft skin of yours. See how much I love you?"

These couples act out their kink in many ways--some at play parties, some outdoors, some long distance. Some do it with bondage, spanking, service, a corset, a look, a location--for many, their instrument of choice is words. Emily Bingham takes one extremely charged word in "Magic Words" and lets readers know exactly what the prospect of saying it does to her character: "The shame is a scalding tickle that takes over every cell in my body. Looking down at his lap to hide from his gaze, I feel more embarrassed than in any naked-in-front-of-a-crowd nightmare. It's the one word I promised myself I would never say, yet he has managed to make even this taboo titillating, something I want to explore with him. I'm annoyed at myself for being so aroused by this lone, little word."

What is that magic word? You'll have to keep reading to find out. There's a sensual beauty to these stories that I believe will speak to those who practice kink in their lives and those who don't, because in some ways the tenderness, the charge, the power shifting back and forth between partners, transcends kink. It speaks to ideals of worship, wonder, adoration--from both sides. Even the most sadistic men and women whose worlds you're about to enter clearly value those they are asking to give them their bodies, their minds, their words, their beings. They are living out their most vivid fantasies with the person they most cherish. I hope you enjoy their dreams, fantasies and explorations, and that they inspire your own.
