Expulsions: Brutality and Complexity in the Global Economy By Saskia Sassen

Income inequality, displaced and imprisoned populations, destruction of land and water: today's dislocations cannot be understood in the usual terms of poverty and injustice, Saskia Sassen argues. They are more accurately understood as expulsions--from professional livelihood, from living space, from the very biosphere that makes life possible.

Editorial Review

Review

In this intellectually audacious and persuasive book, **Sassen** exposes the fundamental forces at play in current forms of economic, political, and social structures. She correctly contrasts the world as most people understand it with the world as it is actually evolving, towards an extreme form of capitalism with activities that occur across international borders?to devastating effects. This is a powerful, highly relevant, and timely book. (Patricia Fernández-Kelly, Princeton University)

Expulsions is original, thoughtful, evidence-based, and chillingly lucid. There is no other book like it. Its arguments on growing inequality, land grabs, financial footlooseness, and biospheric destruction are a diagnosis of our unstable and disconcerting times?a much-needed wake-up call. (Ash Amin, University of Cambridge)

About the Author

Saskia Sassen is Robert S. Lynd Professor of Sociology and co-chair of the Committee on Global Thought at Columbia University.

Users Review

From reader reviews:

Marjorie Batchelder:

As people who live in typically the modest era should be update about what going on or information even knowledge to make these people keep up with the era that is always change and move forward.
