Editorial Review

About the Author

Soo T. Tan has published numerous papers in Optimal Control Theory and Numerical Analysis. He received his S.B. degree from Massachusetts Institute of Technology, his M.S. degree from the University of Wisconsin-Madison, and his Ph.D. from the University of California at Los Angeles. "One of the most important lessons I learned from my early experience teaching these courses is that many of the students come into these courses with some degree of apprehension. This awareness led to the intuitive approach I have adopted in all of my texts."

Users Review

From reader reviews:

Corey Gardner:

Reading a reserve can be one of a lot of task that everyone in the world likes. Do you like reading book and so. There are a lot of reasons why people love it. First reading a guide will give you a lot of new info. When you read a reserve you will get new information due to the fact book is one of various ways to share the information as well as their idea.
