Foot Lover: A cuckquean's obsession By Amy Hilton

I guess my obsession with women's feet started when I was 18 years-old and walked in on my father in bed with a woman who was not my mother. Seeing him slide in and out of some woman was a mind-fuck for me, but the mental image of that day that remains most vivid was, while they made love, the woman wore her shoes.

On her feet she had on a pair of slim, delicate, flat, leather sandals, her toenails were painted in a shade of light pink, and although I could not see her face or the rest of her body, her feet were pretty.

The idea they were so consumed with lust that she did not even bother to remove her sandals in their haste to fuck, was incredibly arousing.

But keeping the incident a secret from my mother became too much for me to bear and I told her about it.

"It's okay," she said, stroking my hair. "I know about your father. I've known about it for a long time."

She held my face gently in her hands so she could look at me.

"You're old enough to know this now, but I am the one who gave him permission to be with other women. It's my quirk. I get turned on smelling or tasting them on him, or sometimes watching him with them."

I became obsessed with women's feet. I wanted to smell them, lick them and make love to them. I loved nothing more than worshiping a beautiful woman's feet while my husband lay between her thighs, embedded in her. Just like my mother, I too was a cuckquean.

Which was why I homed in on the blond with the beautiful feet sitting at the bar counter.

I knew my husband would like her.
