Editorial Review

Review

"This highly engaging and informative work will be an excellent addition to libraries that support graduate programs in the STEM fields. Summing Up: Recommended. Upper-division undergraduates through researchers and faculty." - **Choice**

"This charmingly written and superbly organized volume leads the reader through the many steps of writing for the scientific community. . . . Any library with readers who are seeking guidance in writing for publication in the sciences, and particularly academic libraries, will certainly benefit from adding this to their collections, even if it simply means updating an earlier edition." - **ARBA**

Review

Praise for the Previous Edition: "Day and Gastel offer much wisdom in cutting through the red tape to avoid missteps. . . . *How to Write and Publish a Scientific Paper* is a strongly recommended addition to any novice and aspiring person of science's personal library collection." (Midwest Book Review)

Praise for the Previous Edition: "The sections are self-sustaining and can be read as a topic of interest may arise. I recommend this book for the library of medical writers." (American Medical Writers Association (AMWA) Journal)

Praise for the Previous Edition: "The comprehensive yet brief guide covers many facets of authorship and scientific stewardship. It is an excellent place to start after your research idea is formed and you are ready to start writing. It will become your 'go-to' book for general questions about scientific publication and presentation." (Journal of the American Academy of Child & Adolescent Psychiatry)

Praise for the Previous Edition: "Day and Gastel provide a clearly written and playfully humorous overview of scientific writing that is a valuable read for beginning scientists and a useful resource for technical communicators new to the field." (Technical Communication)

About the Author

Barbara Gastel, MD, is professor of integrative biosciences and of medical humanities at Texas A&M University, College Station, where she coordinates the graduate program in science communication.

Robert A. Day is professor emeritus of English at the University of Delaware, Newark.

Users Review
