Editorial Review

Review

. . . a wealth of general information on design and maintenance that applies to landscapes throughout the Southwestern United States. -- *Fine Gardening*

More than just a plant book, it discusses in depth how to design with and grow native and arid land plants. -- *Sunset Magazine*

From the Publisher

The classic introduction to arid-land gardening in the uplands, mountains, mesas, prairies, river valleys, and meadows of the Southwest, by the region's most celebrated landscape designer and author.

About the Author

Judith Phillips has worked in ornamental horticulture since 1970 as a professional plant grower and landscape designer. She is the author of several books including *Plants for Natural Gardens: Southwestern Native & Adaptive Trees, Shrubs, Wildflowers & Grasses* and *Natural by Design: Beauty and Balance in Southwest Gardens*.

Users Review

From reader reviews:

Joseph Braddock:

Reading a e-book tends to be new life style within this era globalization. With examining you can get a lot of information which will give you benefit in your life. With book everyone in this world may share their idea. Publications can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or even their experience. Not only the storyplot that share in the publications. But also they write about advantage about something that you need illustration. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors these days always try to improve their expertise in writing, they also doing some research before they write on their book. One of them is this Southwestern Landscaping with Native Plants.

Rafael Arent:

People live in this new time of lifestyle always try to and must have the extra time or they will get great deal of stress from both day to day life and work. So , when we ask do people have extra time, we will say absolutely sure. People is human not really a huge robot. Then we consult again, what kind of activity do you possess when the spare time coming to a person of course your answer can unlimited right. Then do you ever try this one, reading books. It can be your alternative within spending your spare time, often the book you have read is usually Southwestern Landscaping with Native Plants.

Paul Gay:
