Weekend Warriors (Sisterhood Book 1) By Fern Michaels

INSIDE: Fern talks about the Sisterhood series--and more!

Justice Has A New Outfit

Life isn't fair. Most women know it. But what can you do about it? Plenty. . .if you're part of the Sisterhood. On the surface, these seven women are as different as can be--but each has had her share of bad luck, from cheating husbands to sexist colleagues to a legal system that often doesn't do its job. Now, drawn together by tragedy, they're forging a bond that will help them right the wrongs committed against them and discover an inner strength they didn't know they had. Growing bolder with each act of justice, the Sisterhood is learning that when bad things happen, you can roll over and play dead. . .or you can get up fighting. . .

Praise for Fern Michaels and her Sisterhood novels. . .

"Readers will enjoy seeing what happens when well-funded, very angry women take the law into their own hands." --*Booklist* on *Weekend Warriors*

"Delectable. . .deliver[s] revenge that's creatively swift and sweet, Michaels-style." --*Publishers Weekly* on *Hokus Pokus*

Includes bonus Sisterhood chapter!

Editorial Review

From Publishers Weekly

Readers beware: this book is not for the faint of heart or for fans of Michaels's more traditional romances (*Kentucky Rich*, etc.). There is no happily ever after here; indeed, the primary emotion fueling this story is not love, but anger. Anger leads wealthy Myra Rutledge, who lost her daughter to a hit-and-run driver with diplomatic immunity, to found the Sisterhood, a secret vigilante group of women who have been unable to seek justice through lawful means. Assisting Myra in this effort are former MI6 agent Charles Martin and defense attorney Nikki Quinn, who was Myra's daughter's best friend. High on estrogen and hate, the women pinpoint their first target—the Weekend Warriors, a group of motorcycle enthusiasts who brutally raped Kathryn Lucas, one of Nikki's former clients. The women decide on a Lorena Bobbitt-style punishment and carry it out with very few misgivings—so few that readers will have trouble seeing them as sympathetic. With its paper-thin premise and lack of a rational or moral grounding, this overwrought story isn't likely to satisfy or inspire.

From [Booklist](#)

As Nikki and her best friend, Barbara, are walking, a car comes out of nowhere and kills Barbara and her unborn child. Unfortunately, the driver, a Chinese diplomat, isn't subject to prosecution. Barbara's mother, the fabulously wealthy Myra Rutledge, who also raised Nikki, goes into a two-year depression, only snapping out of it when she sees television coverage of the mother of another murdered child taking the law into her own hands. Barbara and Myra recruit five female vigilantes, all victims of a legal system that, in their experiences, favored the criminal. The group's mission: to right the wrongs perpetrated against them and other women. The first woman to be vindicated is the one who was raped by three white-collar bikers while her disabled husband was forced to watch. *Mission Impossible* meets Lorena Bobbitt in prolific Michaels' latest, the first of the Sisterhood series. Readers who grow weary of seeing the bad guys get away with their crimes will enjoy seeing what happens when well-funded, very angry women take the law into their own hands. *Shelley Mosley*
