Coup D'Etat: A Practical Manual By Gregor Ferguson

Since the end of the Second World War, there have been more than 280 attempted coups d'etat in some 76 separate countries - half of the sovereign states represented at the United Nations. Of these, 151 have been successful. Argentina alone has suffered no less than 16 coups or attempted coups. In the comfortable, stable democracies of the West, the coup has become something of a joke: one is inclined to be dismissive of a country where a coup has taken place. Surely, they only occur in banana republics, whose populations expect nothing from their politicians and even less from their armed forces? People fail to realize what a complicated operation a coup can be and just how much careful planning and calculation are required to carry it off successfully. This book is a detailed analysis of how coups d'etat are planned, organized and executed, and what it takes to make a coup work. Much has been written about coups d'etat - why they happen, what happens as a result of them, who they happen to and when - but this is the first book to look at the coup d'etat from the point of view of the military officer carrying it out.

Editorial Review

Users Review

From reader reviews:

Kenneth Roberts:

Here thing why this kind of Coup D'Etat: A Practical Manual are different and trusted to be yours. First of all reading through a book is good however it depends in the content of the usb ports which is the content is as delightful as food or not. Coup D'Etat: A Practical Manual giving you information deeper and different ways, you can find any e-book out there but there is no e-book that similar with Coup D'Etat: A Practical Manual. It gives you thrill reading through journey, its open up your personal eyes about the thing that happened in the world which is possibly can be happened around you. You can easily bring everywhere like in playground, café, or even in your means home by train. In case you are having difficulties in bringing the imprinted book maybe the form of Coup D'Etat: A Practical Manual in e-book can be your substitute.

James Mendoza:

Information is provisions for those to get better life, information nowadays can get by anyone from everywhere. The information can be a information or any news even a concern. What people must be consider when those information which is inside former life are difficult to be find than now's taking seriously which one is acceptable to believe or which one the particular resource are convinced. If you have the unstable resource then you understand it as your main information it will have huge disadvantage for you. All those possibilities will not happen with you if you take Coup D'Etat: A Practical Manual as the daily resource information.

Allen Ellis:

Reading can called brain hangout, why? Because if you find yourself reading a book mainly book entitled Coup D'Etat: A Practical Manual your brain will drift away trough every dimension, wandering in every aspect that maybe unknown for but surely will end up your mind friends. Imaging every single word written in a reserve then become one application form conclusion and explanation this maybe you never get just before. The Coup D'Etat: A Practical Manual giving you a different experience more than blown away the mind but also giving you useful info for your better life in this era. So now let us explain to you the relaxing pattern at this point is your body and mind is going to be pleased when you are finished reading through it, like winning a casino game. Do you want to try this extraordinary wasting spare time activity?

Jeffrey Cooks:

Do you like reading a book? Confuse to looking for your preferred book? Or your book has been rare? Why so many question for the book? But any kind of people feel that they enjoy regarding reading. Some people

likes examining, not only science book but novel and Coup D'Etat: A Practical Manual or even others sources were given knowledge for you. After you know how the great a book, you feel would like to read more and more. Science reserve was created for teacher as well as students especially. Those books are helping them to add their knowledge. In additional case, beside science publication, any other book likes Coup D'Etat: A Practical Manual to make your spare time more colorful. Many types of book like this.
