Held: Learning to Live in God's Grip: A Bible Study for Special-Needs Parents By Sandra Peoples, Lee Peoples Jr

On November 16, 2010, Lee and Sandra's lives changed with just a short sentence from a child psychologist, "We believe your son has autism." In that moment, so much changed ... but what didn't change was that God still held the Peoples family, they were never out of His grip. In this Bible study written for special-needs parents by special-needs parents, you will learn you are not alone. Even when life feels out of control, it will help you remember He is in control. You will learn there is a future hope we all can cling to. You will learn there are others out there, just like you, who need to be shown they are also in the grip of God. Held: Learning to Live in God's Grip is designed to be done alone, as a couple, or with a group. There are questions throughout each chapter that will help you think about the material and apply what you learn.
