Hunter's Tropical Medicine and Emerging Infectious Disease: Expert Consult - Online and Print, 9e By Alan J. Magill MD FACP FIDSA, Edward T Ryan, Tom Solomon, David R Hill MD DTM&H FRCP FFTM FASTM

Hunter's Tropical Medicine and Emerging Infectious Disease is your comprehensive, go-to resource on the health conditions that arise in the tropics! From infectious diseases through environmental issues, poisoning and toxicology, animal injuries, and nutritional and micronutrient deficiencies, this medical reference book provides you with all the guidance you need to **diagnose and manage even the most exotic health concerns**. Stay at the forefront of this ever-changing field with ***Hunter's Tropical Medicine and Emerging Infectious Disease!***

- **Understand the common characteristics and methods of transmission for each disease**, and learn all the applicable diagnosis, treatment, control, and prevention techniques.
- **Get the information you need in the most organized way** with infectious agents arranged by syndromes, as they typically present.
- **Stay abreast of the latest maladies seen in returning travelers** through useful chapters on delusional parasitosis, international adoptions, transplant patients, medical tourism, and more.
- **Access the most up-to-date information** on emerging and re-emerging diseases (such as H1N1), and see how progression occurs through all-new illustrative life cycles.
- **Hone your techniques** with a new skills-based section which includes dentistry, neonatal pediatrics and ICMI, and surgery in the tropics, and a service-based section covering transfusion in resource-poor settings, microbiology, and imaging.
- **Learn everything you need to know** about infrequently encountered tropical drugs and their practical application in the clinical setting.
- **Seamlessly search the complete contents online** at www.expertconsult.com.

Editorial Review

Review

"Much has changed in both the epidemiology and treatment of tropical diseases since 2000 when the 8th edition of this book was published. As such, its primary objective of being a concise clinical resource for practitioners of tropical medicine has been retained and updated under the editorial leadership of new authors and includes new sections such as "The Sick Returning Traveler."- Winnie Ooi, MD, MPH, DMD (Harvard Medical School) Doody Review Services

Users Review

From reader reviews:

Yasmin Parker:

Nowadays reading books are more than want or need but also get a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book this improve your knowledge and information. The information you get based on what kind of e-book you read, if you want get more knowledge just go with training books but if you want truly feel happy read one along with theme for entertaining for instance comic or novel. The particular Hunter's Tropical Medicine and Emerging Infectious Disease: Expert Consult - Online and Print, 9e is kind of reserve which is giving the reader unpredictable experience.
