Why We Are Born: Remembering Our Purpose through the Akashic Records By Akemi G

There are many inspirational how-to books, but until you understand the fundamental WHY, your how-to is destined to be superficial. This book is unique in that it gets down to this foundation of life in such a clear, straightforward way. The subtitle could be "Life and Spirituality Demystified."

From the back cover:

Have you ever wondered, "Why was I born?" Humanity has always asked this fundamental question regarding life's purpose and meaning. Our thinking, however, is often limited. If we ponder this question only within the context of one physical lifetime, we cannot reach the answer. In order to know why we are born, we need to know what it was like before birth--and after death, and further yet, even before we assumed individuality.

You are not your body. You are the soul currently living in the body. As souls, we are all interconnected and share information about what happened in our past lives, how we felt about the experiences, and what can happen in the future. Such shared information is called the *Akashic Records*.

Why We Are Born, written by renowned Akashic Record Reader Akemi G in her signature straightforward style and with clear words, is a gift of light that dispels many spiritual myths such as "Life is a school." Whether you consider yourself spiritual or not, you will find in this book fresh insights that will help you remember how marvelous life really is despite its challenges.

Editorial Review

Review

"I consider this book required reading for any metaphysical seeker. Pretty big praise, but well-deserved because she takes concepts that are huge and often confusing to the average Joe or Jane and makes them understandable and relatable to real life." ~ **Pathways** magazine

From the Author

The "WHY?" is everyone's question. I don't think some people are spiritual and others are not; we are all spiritual beings. So I wrote a book that everyone can understand, with a bit of open-mind. No New Age-y strange terminology. Concise, to-the-point, and well-organized. I even tried to entertain you with short stories (modern-day parables).

I hope this book helps you to remember what you once knew but may have forgotten.

Love, Light, and Truth,
