Fair and Foul: Beyond the Myths and Paradoxes of Sport By D. Stanley Eitzen

Fair and Foul explores our love of sport, just as it reveals sport's darker side—the influence of big business, corruption, price gouging, political maneuvering, gender bias, media grandstanding, and more. The sixth edition features a new chapter on mass media and sport, a revised introduction that lays out the two themes of the book with fresh examples, and a significantly revised chapter on college sport that asks whether or not big-time college sports are compatible with higher education. This edition also features new material throughout, such as the rising costs and increasing injuries in youth sports, fantasy sports, homophobia in sport, “one and done,” and more.

Fair and Foul draws on examples ranging from youth to pro sports to give us a deeper understanding of how sports shape our everyday world. Ideal for sparking classroom discussion, *Fair and Foul* is an excellent book for students of sports and society, American culture, and other courses

Editorial Review

Review

Stan Eitzen has been a pioneer in this field. Like many others, I am in his debt as one of the many he has inspired. (Richard Lapchick, University of Central Florida)

Fair and Foul has exceeded my expectations. Each semester that I use it, there is a group of students that understand the good and the bad of sport and see sport as an intellectual issue. Eitzen's book is a really different sort of text. (Judith McDonnell, Bryant University)

As a microcosm of society, sport is a social construction and therefore is an arena in which sociological processes can be studied. As my course is an introduction to the field of sport sociology, the goal of the course is to apply a sociological lens to the world of sports and athletics. *Fair and Foul* helps me attain this goal. It looks at issues and concerns surrounding the sports world. Its' coverage is vast and accommodates many of the sections of my course. (Keri A. Diggins, Scottsdale Community College)

This book presents the various social issues embedded in sports in an accessible way and provides a useful overview for many of the units in my course. (Holly Swyers, Lake Forest College)

Fair and Foul is unique in its approach and provides quality coverage of significant issues impacting the world of sport. It is an insightful resource that students respond well to. (Jason Lee, University of North Florida)

About the Author

D. Stanley Eitzen is professor emeritus of sociology at Colorado State University, where he taught for twenty-one years, most recently as John N. Stern Distinguished Professor. He is the author or coauthor of twenty-four books, including three on sport, as well as numerous scholarly articles and chapters in scholarly books. He is a former president of the North American Society for the Sociology of Sport and the recipient of that organization's Distinguished Service Award. Among his other awards, he was selected to be a Sports Ethics Fellow by the Institute for International Sport.

Users Review

From reader reviews:

James Dorman:

What do you ponder on book? It is just for students because they are still students or the idea for all people in the world, the particular best subject for that? Merely you can be answered for that concern above. Every person has different personality and hobby for each other. Don't to be compelled someone or something that they don't desire do that. You must know how great as well as important the book *Fair and Foul: Beyond the Myths and Paradoxes of Sport*. All type of book can you see on many methods. You can look for the internet resources or other social media.

Araceli Burns:

Information is provisions for people to get better life, information these days can get by anyone in everywhere. The information can be a expertise or any news even a huge concern. What people must be consider if those information which is from the former life are difficult to be find than now could be taking seriously which one is suitable to believe or which one the actual resource are convinced. If you obtain the unstable resource then you get it as your main information you will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take Fair and Foul: Beyond the Myths and Paradoxes of Sport as the daily resource information.

Bethel Stockton:

Reading a reserve tends to be new life style in this era globalization. With reading through you can get a lot of information that can give you benefit in your life. Together with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. Many author can inspire their very own reader with their story or their experience. Not only the storyline that share in the ebooks. But also they write about the information about something that you need example. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors these days always try to improve their skill in writing, they also doing some study before they write on their book. One of them is this Fair and Foul: Beyond the Myths and Paradoxes of Sport.

Patricia Coburn:

The book Fair and Foul: Beyond the Myths and Paradoxes of Sport has a lot info on it. So when you check out this book you can get a lot of gain. The book was written by the very famous author. Mcdougal makes some research prior to write this book. That book very easy to read you may get the point easily after reading this book.
