Editorial Review

Review

From the reviews of the fourth edition:

“This is the fourth edition of a compact, classic book on the essentials of surgical technique and anatomy, just as the title states. It is a very good, quick reference for common general surgical procedures. ... This will continue to be a good reference for general surgeons both during and after training. I will continue to refer to it The concise format and the inclusion of a wide variety of procedures makes it very inviting.”

(Christine J. Waller, Doody’s Book Reviews, March, 2014)

From the Back Cover

Generations of residents and general surgeons have relied upon and worn out their copies of *Surgical Anatomy and Technique: A Pocket Manual*. Thoroughly revised and with dozens of new illustrations, the fourth edition continues the tradition of providing a concise, accessible, and generously illustrated memory refresher for both novice and experienced clinicians.

The editors have included techniques to keep the content fresh, relevant, and practice-based. Among the new topics are hand surgery, a section on central venous access, and creating an AV fistula for dialysis. All the existing chapters have been updated and expanded to reflect current surgical approaches and instrumentation.

This fourth edition of *Surgical Anatomy and Technique: A Pocket Manual* provides the gold standard in correlating clear, practical anatomy with the correct technique in the pursuit of the best possible patient outcomes. This handy pocket manual remains a "must have" for every resident and general surgeon.

The book makes you far more confidence because you can know every little thing by the book. So , let us make new experience in addition to knowledge with this book.

Inez Tuller:

The book Surgical Anatomy and Technique: A Pocket Manual gives you the sense of being enjoy for your spare time. You can use to make your capable a lot more increase. Book can for being your best friend when you getting stress or having big problem with your subject. If you can make studying a book Surgical Anatomy and Technique: A Pocket Manual for being your habit, you can get a lot more advantages, like add your own personal capable, increase your knowledge about a few or all subjects. It is possible to know everything if you like start and read a publication Surgical Anatomy and Technique: A Pocket Manual. Kinds of book are several. It means that, science e-book or encyclopedia or some others. So , how do you think about this guide?

Theo Garcia:

Reading a book tends to be new life style with this era globalization. With reading you can get a lot of information that may give you benefit in your life. Having book everyone in this world may share their idea. Textbooks can also inspire a lot of people. Plenty of author can inspire their reader with their story as well as their experience. Not only situation that share in the ebooks. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors nowadays always try to improve their proficiency in writing, they also doing some analysis before they write on their book. One of them is this Surgical Anatomy and Technique: A Pocket Manual.

Susan Garrard:

This Surgical Anatomy and Technique: A Pocket Manual is great e-book for you because the content and that is full of information for you who also always deal with world and get to make decision every minute. This kind of book reveal it details accurately using great organize word or we can state no rambling sentences included. So if you are read that hurriedly you can have whole details in it. Doesn't mean it only will give you straight forward sentences but difficult core information with beautiful delivering sentences. Having Surgical Anatomy and Technique: A Pocket Manual in your hand like keeping the world in your

arm, info in it is not ridiculous one particular. We can say that no publication that offer you world inside ten or fifteen tiny right but this reserve already do that. So , this can be good reading book. Heya Mr. and Mrs. occupied do you still doubt that?
