- Build and manage unique Minecraft configurations with their own versions, worlds, resource packs, and profiles
- Automate your farming: let a few pistons, a stream, and some redstone do all the dirty work for you
- Generate infinite ores on demand—even obsidian
- Take control of the mayhem with mob farms: mass-produce your own zombies, spiders, creepers, and skeletons
- Build in any style that inspires you: medieval, Victorian, Viking, Japanese, modern, suburban, you name it
- Create natural-looking terrain and trees, decorate with 2D pixel art, and build 3D statues
- Construct smarter, more efficient power and transportation systems
- Take Minecraft into the industrial and nuclear age... even go green with solar energy and wind farms
- Add computer systems and robotics control with ComputerCraft and Lua
- Create and share exciting adventure maps and learn the secrets of CommandBlocks
- Share your creation with the world via pro-quality video and audio
- Manage a multiplayer server and create your own trading society
- Make the most of powerful plug-ins for anti-griefing and more
