White Cargo By Stuart Woods

From the glittering beaches of the Caribbean to a final harrowing showdown in the Amazonian rain forest comes a breakneck tale of danger, intrigue, and depravity.

Cat Catledge is a happy man. A self made multi millionaire at fifty, he has a loving wife and a beautiful teenaged daughter. And after years of hard work, he is taking his family on the ultimate dream sabbatical: a two year cruise to the South Pacific via the Panama Canal, aboard his custom built forty-three-foot yacht. He gets as far as Colombia.

Off that country's cocaine dusted shores, Cat's bliss—and his dearly loved family—are permanently shattered by an event so unexpected, so savage, and so tragically final that it leaves Cat completely devastated. Consumed by terrible guilt, he returns home alone, a broken man. Investigations by both the Colombian authorities and the U.S. State Department prove fruitless.

Then, late one night, Cat is awakened by the telephone and, from far away, over a static filled line, an achingly familiar voice utters a single, electrifying word.

Driven by a mixture of hope and anguish, Cat slips back into South America on a desperate search for the daughter he cannot bring himself to believe is dead. Aided by an Australian ex-convict, a beautiful television journalist, and a man known to him only as "Jim", Cat follows a trail of blood and graft, white powder and white slavery, and discovers in himself an unsuspected capacity for ruthlessness and cunning, and—even more surprising—a rekindled capacity for love.

Editorial Review

From Publishers Weekly

Despite Woods's on-site research in Colombia, this suspense tale of cocaine trafficking and kidnapping only skims the surface of the seamy drug world it purports to investigate. Wendell ("Cat") Catledge, a self-made electronics millionaire, is yachting off the South American coast with his family when a bloody act of piracy snatches away his "heart-stoppingly beautiful" teenage daughter Jinx and wife Katie. They are presumed dead, but weeks later Cat gets a brief phone call and recognizes Jinx's voice. His quest for his daughter, who is now a zombie enslaved by "the Anaconda," a Colombian drug baron, involves Cat with assorted CIA and narc types and with Meg Greville, a freelance TV journalist who may be KGB. Woods (Deep Lie, Chiefs) serves up a slam-bang rescue as a fitting finale, but the suspense overall is so-so and the Latinos are either faceless or stereotypically sneaky. This one reads like a lukewarm episode of Miami Vice.
