Nationalism By Ernest Gellner

A defining force in world history, nationalism remains an inescapable feature of a modern condition. It has underpinned the emergence of many states, and the conflict it has often generated has caused enormous suffering, both directly and indirectly. Nationalism remains a powerful influence today; in the former Yugoslavia and the successor states of the Soviet Union it has instigated great violence and atrocity.

In this incisive and provocative book, completed just before his death, Ernest Gellner - described as "one of the last of the great central European polymath intellectuals" by the *Financial Times* - explores the phenomenon of nationalism, tracing its emergence and roots in the modern industrialized nation state, its links with romanticism and its creation of national myths. He investigates its various manifestations and reveals how in long established states such as France, it has been relatively benign, while in Eastern Europe in particular - where nationalist feeling preceded the emergence of modern states - its influence has been far more problematic, and at times disastrous. Finally, the book explores the prospects of minimizing the influence of nationalist feeling and cautiously anticipates the possibility of its decline in this decade of continuing atrocities and "ethnic cleansing."

Lucid and direct, Gellner's work combines politics, history, philosophy, and anthropology with the multidisciplinary flair for which he was renowned. As nationalism continues to inform contemporary politics, often with vicious and tragic results, Gellner's last words on the subject are essential reading.

Editorial Review

About the Author

Ernest Gellner was Professor of Philosophy at the London School of Economics from 1962 to 1984, when he became Professor of Social Anthropology at Cambridge University. Before his death in 1995, he was Research Professor and Director of the Center for the Study of Nationalism at the Central European University in Prague. His many books include *Words and Things*, *Thoughts and Change*, *Saints of the Atlas*, *Nations and Nationalism*, *Culture, Identity and Politics*, *Plough, Sword, and Book*, and *Conditions of Liberty*

Users Review

From reader reviews:

Kenneth Kelly:

As people who live in the actual modest era should be revise about what going on or details even knowledge to make these keep up with the era that is always change and progress. Some of you maybe may update themselves by reading books. It is a good choice in your case but the problems coming to anyone is you don't know what type you should start with. This Nationalism is our recommendation to help you keep up with the world. Why, because this book serves what you want and want in this era.

George Hardy:

This Nationalism is great e-book for you because the content that is certainly full of information for you who also always deal with world and have to make decision every minute. This kind of book reveal it facts accurately using great plan word or we can point out no rambling sentences included. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but tough core information with lovely delivering sentences. Having Nationalism in your hand like finding the world in your arm, data in it is not ridiculous a single. We can say that no e-book that offer you world within ten or fifteen tiny right but this publication already do that. So , this can be good reading book. Heya Mr. and Mrs. active do you still doubt which?

Wendy Miller:

In this time globalization it is important to someone to acquire information. The information will make professionals understand the condition of the world. The fitness of the world makes the information quicker to share. You can find a lot of references to get information example: internet, classifieds, book, and soon. You will see that now, a lot of publisher that print many kinds of book. The book that recommended to you personally is Nationalism this book consist a lot of the information on the condition of this world now. This book was represented just how can the world has grown up. The words styles that writer use to explain it is easy to understand. The particular writer made some study when he makes this book. This is why this book ideal all of you.

Henry Brown:

On this era which is the greater man or woman or who has ability to do something more are more special than other. Do you want to become one among it? It is just simple approach to have that. What you must do is just spending your time almost no but quite enough to enjoy a look at some books. One of several books in the top listing in your reading list is definitely Nationalism. This book which can be qualified as The Hungry Hills can get you closer in growing to be precious person. By looking upwards and review this guide you can get many advantages.
