Suck Me Dry: Erotic Fiction (Booklet) By Gemini Phoenix

Tiffany has been with her loving fiancée, Amari, since she was fifteen years old. He was her first and will be her last if she doesn't have some type of fun before they get married next year. The college life has done nothing but torment her of everything she's missing sexually because Amari is an old fashion lover. When he leaves for a weekend business trip, Tiffany decides to let her hair down and fulfill those sexual desires/fantasies. Her best friend, Desiree, is going to show her what she's been missing at the pajama party she has planned for them. Little does Tiffany know, her desires will also bring secret crushes to surface and this very well may be the weekend secret to take to her grave.

Editorial Review

Review

I love flash fiction. Hate foreplay. But. If you like foreplay this author has done a great job of preparing you for the get down. I love how Dyphia Blount caressed us with Tiffany's longing, then began placing small kisses on our emotions making us feel Tiffany's longing and desires, then as we anticipated that first thrust the author stops, smiles and says; wait. You ain't ready yet." Foreplay. Great job Dyphia Blount...I'm ready now. --Amazon

I believe this is the most enjoyable erotic story I ever read ... I have always shied away from this genre because I did not think there was actually a story line but after reading this novel, I was proven wrong ... oh so wrong! This story had so many twists and turns and just when I thought it was going to go one way, the author took the story in the other direction! My girl did her thing and I wait patiently to find out what happens after the sex session with the would be married couple and her best friend along with his brother! Be still my heart! --Amazon

I absolutely love this story. I followed the flash fiction series from book 1-4 and couldn't wait for her to put it into one book. This book is about a woman who was being deprived of something her man was very capable of doing but chose not to. She started lusting for the things she thought she wanted and he went searching for help in an area he didn't need it. I'm glad the book ended like it did and allowed you to use your imagination to finish the sex scenes. When I first read the series I was mad at the ending but now realize it was the perfect ending. --Amazon
