The Chronothon: A Time Travel Adventure By Nathan Van Coops

Run from the past. Run from the future. Run for your lives.

He's a novice time traveler in a big universe.

Ben just wants time with the scientist's daughter who got him into this, but when he's hooked into competing in a chronothon—an *Amazing Race* through time—getting the girl means he'll need to make the finish line. When he finds out this competition is more than just a sprint through history, winning takes a back seat to surviving. To save the people he loves, he'll have to conquer the real dangers hidden in the shadows of the chronothon.

The world of time travelers expands in this next installment of the *In Times Like These* time travel series. Fans of book one will find more to love, but new readers can jump right in and enjoy this stand-alone time travel novel. Expect action, adventure, and romance on this journey through past and future. Fresh dangers will arise for Ben and company in a quest for the finish line, where failure to keep up will cost more than just a shot at glory—it could mean the end for them all.

Either of the first two books in the series may be enjoyed independently. *In Times Like These* is currently **FREE** on Amazon. Get it next!

What The Chronothon reviewers are saying:

"Easily the coolest time travel adventure that I've ever read."-Eric L. Fisher, Amazon US. ★★★★★

"...a time travel version of **Hunger Games**." Jeffrey Ellis-Amazon customer.

"I actually read right through the night the day I started." -Dancing Queen,
Amazon UK. ★★★★★

"In terms of well developed characters and an intricate story line that never falls apart, this book was pure pleasure to read." -Glenn Younger, Goodreads.
★★★★★

"I'm an avid reader who likes all kinds of books, Sci fi, romance, alt history, werewolves, little old lady mysteries... This was a great ride and I couldn't put it down." -Amazon Customer "Irelynkiss" ★★★★★

"EXCELLENT book...They need to make a movie out of this!!!!" -Cleany "neeks"-
Amazon customer. ★★★★★

"I honestly think this is the best time travel book I have ever read... non-stop adventure." Angie T.D., **Amazon Top 1000 Reviewer**. Amazon UK. ★★★★★

Editorial Review

Review

"Hang on to your anchors! *The Chronothon* is a blast--a whirlwind race through space and time, where nothing is quite what it seems. Van Coops tackles the action masterfully, carrying the reader from one wild adventure to the next." --**Rysa Walker, *Timebound***.

"Van Coops masterfully creates a universe of time travellers at their best and at their worst. This is how time travel might one day be...or already has been."--***time2timetravel.com***

"I enjoyed reading this book and *In Times Like These* immensely. Nathan Van Coops has clearly put a lot of thought into his novels, and it's the first time that a time travelling book made me think about space as an issue in addition to time - i.e. will you be at the same location when you travel backwards or forwards in time? After all, our planet moves, the whole universe is on the move! It is not only an exciting page turner, but you can also learn a few things. A great read. I hope for more!" --***Readers' Favorite Reviews***

From the Author

Welcome to ***The Chronothon!*** This book was the most fun I've ever had writing. If you like adventure, with a little bit of romance, history, and some fantastic locations thrown in, this is the book for you. I'm an avid reader of time travel and have never seen this concept tackled, so I was eager to see where the story would take me. This book contains moderate profanity and some scenes of intense sci-fi violence, roughly equivalent to a PG-13 film. Appropriate for adult, young adult, and teen readers. Not appropriate for children. Thanks for reading. -**NVC**

About the Author

Nathan Van Coops lives in St. Petersburg Florida on a diet comprised mainly of tacos. He enjoys old planes, motorcycles, and Volkswagens; and contends that there is such a thing as "dressy" flip-flops. He is the author of two time travel adventure novels: *In Times Like These*, and, *The Chronothon*.

Users Review

From reader reviews:

Lee Nelson:
