Where on Earth? By DK

Where are the world's tallest buildings? Where are earthquakes most likely to occur? Where can you find animals that glow? Showcasing the most fascinating places on the planet, *Where on Earth?* is a collection of more than 75 3-D maps that show not only where everything is, but also why it's there.

Divided into six chapters: Geography, Nature, People, History, Arts & Entertainment, and Science & Technology, *Where on Earth?* brings an instant understanding to a wealth of subjects, stimulating interest in the world around us and drawing young readers into the topic. From physical geography, habitats of big cats, the Seven Wonders of the World, Olympic cities, shipwreck sites, and more, every map contains fact panels that provide additional information and useful statistics, while focus features pull out and explain the most interesting facets for an even richer experience.

Supports the Common Core State Standards.

Editorial Review

Review

"This is a particularly compelling geography book, full of eye-catching art, up-to-the-last minute date and enough detail to have you and your family debating the state of the world for many dinner-table conversations to come." – **The Cape Cod Times**

"*Where on Earth?* is a lively, informative atlas that is fun to browse or read from cover-to-cover. Although it is recommended for children ages 7 and up, this is a nonfiction selection the entire family will enjoy." – **Chico Enterprise-Record**

Users Review

From reader reviews:

Samuel Tapp:

Have you spare time for a day? What do you do when you have more or little spare time? Yep, you can choose the suitable activity with regard to spend your time. Any person spent their particular spare time to take a go walking, shopping, or went to often the Mall. How about open as well as read a book entitled *Where on Earth?*? Maybe it is for being best activity for you. You understand beside you can spend your time together with your favorite's book, you can wiser than before. Do you agree with it is opinion or you have additional opinion?

Clarine Davidson:

Here thing why this kind of *Where on Earth?* are different and trustworthy to be yours. First of all studying a book is good nonetheless it depends in the content of it which is the content is as delicious as food or not. *Where on Earth?* giving you information deeper and different ways, you can find any reserve out there but there is no e-book that similar with *Where on Earth?*. It gives you thrill studying journey, its open up your personal eyes about the thing this happened in the world which is might be can be happened around you. It is easy to bring everywhere like in park your car, café, or even in your way home by train. For anyone who is having difficulties in bringing the branded book maybe the form of *Where on Earth?* in e-book can be your option.

Brian Crowe:

A lot of people always spent all their free time to vacation or even go to the outside with them family or their friend. Are you aware? Many a lot of people spent these people free time just watching TV, or perhaps playing video games all day long. If you wish to try to find a new activity this is look different you can read any book. It is really fun for you. If you enjoy the book you read you can spent all day every day to reading a e-book. The book *Where on Earth?* it is rather good to read. There are a lot of individuals who recommended this book. We were holding enjoying reading this book. When you did not have enough space bringing this

book you can buy often the e-book. You can more effortlessly to read this book out of your smart phone. The price is not very costly but this book provides high quality.

Gary Wells:

As a pupil exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some e-book, they are complained. Just tiny students that has reading's heart or real their hobby. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that looking at is not important, boring and can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Where on Earth? can make you feel more interested to read.
