The SAGES Manual: Volume 2 Advanced Laparoscopy and Endoscopy

From Brand: Springer

The much-anticipated revision of the second edition of *The SAGES Manual: Fundamentals of Laparoscopy, Thoracoscopy, and GI Endoscopy*, has been completely restructured, reorganized, and revised.

The Manual has been split into two volumes for better portability. *Volume I, Basic Laparoscopy and Endoscopy* covers the fundamentals and procedures performed during surgical residency. Volume I will be the first volume used by students, residents, and allied healthcare professional trainees. Material has been added to these fundamentals and procedures that will also be of interest to experienced surgeons.

Volume II, Advanced Laparoscopy and Endoscopy covers more advanced procedures, generally taught during fellowship.

All of the sections have been reorganized with a critical eye to the needs of the modern minimal access surgeon. Two new editors have been added. Chapters have been revised by both new authors as well as many stalwart authors from previous editions.

These portable handbooks cover all of the major laparoscopic and flexible endoscopic procedures in easy-to-read format. Indications, patient preparation, operative techniques, and strategies for avoiding and managing complications are included for the complete spectrum of both “gold standard” and emerging procedures in diagnostic and therapeutic laparoscopy, thoracoscopy, and endoscopy.

The scope, detail, and quality of the contributions confirm and demonstrate the SAGES commitment to surgical education. This manual is sure to find a home in the pocket, locker or briefcase of all gastrointestinal endoscopic surgeons and residents.

Editorial Review

Users Review

From reader reviews:

Carl Melton:

With other case, little men and women like to read book The SAGES Manual: Volume 2 Advanced Laparoscopy and Endoscopy. You can choose the best book if you want reading a book. Provided that we know about how is important the book The SAGES Manual: Volume 2 Advanced Laparoscopy and Endoscopy. You can add knowledge and of course you can around the world with a book. Absolutely right, because from book you can know everything! From your country till foreign or abroad you can be known. About simple thing until wonderful thing you can know that. In this era, we can open a book or even searching by internet unit. It is called e-book. You need to use it when you feel bored stiff to go to the library. Let's go through.

Marjorie Ishee:

Information is provisions for those to get better life, information today can get by anyone in everywhere. The information can be a expertise or any news even a problem. What people must be consider while those information which is inside the former life are difficult to be find than now is taking seriously which one is appropriate to believe or which one typically the resource are convinced. If you have the unstable resource then you have it as your main information we will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take The SAGES Manual: Volume 2 Advanced Laparoscopy and Endoscopy as your daily resource information.

Thomas Ellis:

Precisely why? Because this The SAGES Manual: Volume 2 Advanced Laparoscopy and Endoscopy is an unordinary book that the inside of the book waiting for you to snap it but latter it will distress you with the secret it inside. Reading this book beside it was fantastic author who else write the book in such amazing way makes the content on the inside easier to understand, entertaining method but still convey the meaning entirely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This phenomenal book will give you a lot of benefits than the other book include such as help improving your expertise and your critical thinking technique. So , still want to hesitate having that book? If I were you I will go to the guide store hurriedly.

Nancy Thornton:

Reading can called imagination hangout, why? Because if you are reading a book particularly book entitled

The SAGES Manual: Volume 2 Advanced Laparoscopy and Endoscopy your thoughts will drift away through every dimension, wandering in each aspect that maybe not known for but surely might be your mind friends. Imaging just about every word written in a reserve then become one type conclusion and explanation which maybe you never get previous to. The The SAGES Manual: Volume 2 Advanced Laparoscopy and Endoscopy giving you a different experience more than blown away the mind but also giving you useful data for your better life within this era. So now let us demonstrate the relaxing pattern this is your body and mind is going to be pleased when you are finished reading through it, like winning a casino game. Do you want to try this extraordinary paying spare time activity?
