## Editorial Review

### Amazon.com Review

Trouble is brewing in Baker, Washington. Three popular athletes have been stricken with a mysterious ailment--or phenomenon--that leaves them ranting incoherently, paranoid, and eventually comatose. Ever ready to seek truth and justice, teen twins Elisha and Elijah and their parents hop in their van, the Holy Roller, and head to Washington. As members of a top-secret presidential investigative team, the *Veritas Project*, the family must be prepared to go undercover at any moment. Soon they are deeply embroiled in a deadly mystery that involves witchcraft, bullying, the ghost of a boy who hanged himself long ago, and a most diabolical weapon.

Frank Peretti, well known for his Christian thrillers (*This Present Darkness/Piercing the Darkness*, *The Visitation*, etc.) draws from his own experiences of not fitting in as a child to create this alarming tale of vengeance. The twins and their parents occasionally turn to their faith for guidance, but the crux of the story lies in the danger that comes from treating less cool kids like second-class citizens. References to the tragedy at Columbine remind readers just how painfully real the problem is. Peretti seems to use the twins' father as a voice for his own viewpoint: "Metal detectors may keep weapons out of the schools, and security officers can maintain at least a surface tranquility, but these will not keep out the pain, anger, and loneliness that cause a child to bring a weapon to school in the first place." (Ages 13 and older) --*Emilie Coulter*

### From Publishers Weekly

Peretti, long praised for his popular Christian fiction for adults and his strong storytelling style, here turns his talent to young adult fiction with a quick-paced thriller about the evils brought by bullying and intolerance. When the star athletes of a Washington state high school are struck down by debilitating hallucinations, the Springfield family (Nate; his wife, Sarah; and teen twins Elisha and Elijah) go undercover to investigate the mystery. The Springfields operate independently, as the *Veritas Project*, guided by their Judeo-Christian faith to seek the truth behind strange occurrences. They even have a mobile home nicknamed the Holy Roller. But this setup never seems overly corny in Peretti's hands. As the slightly chilling story unfolds, readers learn about the ghost of Baker High a boy named Abel Frye, who supposedly hung himself in one of the old hallways in the 1930s. Throughout, Peretti paints a realistic picture of the clique-y world of high school that will be familiar to just about anyone. His comfortably paced, compelling performance consistently draws readers along. Peretti has an obvious knack sure to appeal to his intended tween and teen audience for emphasizing his beliefs without preaching. Ages 12-up.

### From School Library Journal

Grade 6-8-Elisha and Elijah and their parents are part of a hush-hush government program know as the *Veritas Project*, which can best be described as an evangelical Christian X-Files. Their current assignment is to infiltrate a high school where student bullies have been stricken by a mysterious form of madness. Peretti develops the plot nicely, building in a skeptical police officer, a concerned guidance counselor, and an obnoxious gym teacher who has been encouraging the bullies. Several of the students who have been picked on have formed their own version of a witch's coven and are practicing what they think is black magic to wreak vengeance on their tormenters. As Elijah and his twin penetrate deeper into the mystery, the curses begin to go dreadfully awry, and several students die. The deadly madness is traced to a type of poisonous and aggressive spider breeding within the school walls. As the school is evacuated, Elisha finds herself in the

heart of the spiders' lair. While the members of the Springfield family do not keep their religious life undercover, it does not interrupt the flow of the story, nor does anyone get preachy. The twins and their parents use the latest scientific equipment and methods to attempt to find a rational solution to the increasingly dangerous events confronting them. Young teens should enjoy this fast-paced and atmospheric novel.
