Same-Sex Unions in Premodern Europe By John Boswell

Both highly praised and intensely controversial, this brilliant book produces dramatic evidence that at one time the Catholic and Eastern Orthodox churches not only sanctioned unions between partners of the same sex, but sanctified them--in ceremonies strikingly similar to heterosexual marriage ceremonies.

Editorial Review

From Publishers Weekly

Boswell (*Christianity, Social Tolerance and Homosexuality*) has written a stunning, complex book that is demanding in the brilliance of its scholarship but written with sterling clarity. He offers a sophisticated interpretation of the concepts of love and friendship and the institution of heterosexual marriage, from the ancient Greeks and Romans through the Middle Ages, demonstrating that in the distant past there was not the link of love and marriage expected today. Relationships between men were as likely to be sanctified and consummated as heterosexual ones, and the documentary evidence presented shows that men set up households together in significant numbers. Material on women is sparse, Boswell notes, because most premodern historical sources were written by men, for men, about men; women figure in them either as property or as objects of sexual desire. The academic title is deceptive--the book offers vividly romantic depictions of love and friendship, and there isn't a dull page. Illustrations not seen by PW.

From Library Journal

Not since Boswell's *Christianity, Social Tolerance, and Homosexuality* (Univ. of Chicago Pr., 1981) have Christians of all creeds confronted a work that makes them look so closely at their notions of the relationship between the church and its gay and lesbian believers. Diligently researched and documented, this immensely scholarly work covers everything from the "paired" saints of Perpetua and Felicitas and Serge and Bacchus to lesbian transvestites in Albania. Examining evidence that the early church celebrated a same-sex nuptial liturgy, Boswell compares both Christian same-sex unions to Christian heterosexual unions and non-Christian same-sex unions to non-Christian heterosexual unions. Appendixes contain, among other things, translations and transcriptions of cited documents. Whether or not minds are changed on the matter will probably fall along sectarian lines, according to current attitudes on homosexuality. However, the work will provoke dialog. A groundbreaking book for academic, public, and theological libraries.

When Boswell published his *Christianity, Social Tolerance, and Homosexuality* in 1980, he touched off a firestorm among antigay Christian and gay polemicists that rages to this day. He contended there was great tolerance and even acceptance of the unions of same-sex couples in premodern Europe. Indeed, actual rituals uniting such couples with the Christian church's blessing exist in the documentary record. In this long-gestated companion to his controversial landmark study, Boswell produces those rituals in translation, argues for how he has translated them, summarizes the histories of both heterosexual matrimony and same-sex unions in the Greco-Roman world, presents the views of early Christianity on heterosexual and same-sex couplings, traces the development of nuptial offices in the church, compares heterosexual and same-sex ceremonies of union, and discusses the checkered history of tolerance for same-sex unions during the Middle Ages. Throughout his presentation, three qualities predominate: lucidity in the writing; scrupulous scholarly documentation of factual statements and propositions (on many pages, more space is taken up by footnotes than main text); and great caution in distinguishing the sexual expectations of two-person relationships in ancient times from those presumed today--preoccupation with sex is very much a modern phenomenon. Although a rare book for the public library, it may, like its predecessor, be a vital one. *Ray Olson*

Users Review

From reader reviews:

Kathie Richmond:

Information is provisions for individuals to get better life, information nowadays can get by anyone on everywhere. The information can be a information or any news even an issue. What people must be consider when those information which is from the former life are hard to be find than now could be taking seriously which one works to believe or which one the actual resource are convinced. If you find the unstable resource then you have it as your main information you will have huge disadvantage for you. All those possibilities will not happen inside you if you take Same-Sex Unions in Premodern Europe as your daily resource information.

Yolanda Matlock:

Your reading 6th sense will not betray you, why because this Same-Sex Unions in Premodern Europe publication written by well-known writer who knows well how to make book which might be understand by anyone who all read the book. Written inside good manner for you, dripping every ideas and creating skill only for eliminate your personal hunger then you still doubt Same-Sex Unions in Premodern Europe as good book but not only by the cover but also from the content. This is one reserve that can break don't ascertain book by its protect, so do you still needing one more sixth sense to pick this particular!? Oh come on your looking at sixth sense already alerted you so why you have to listening to yet another sixth sense.

Ronald Kleiman:

Do you like reading a book? Confuse to looking for your chosen book? Or your book seemed to be rare? Why so many question for the book? But virtually any people feel that they enjoy to get reading. Some people likes reading, not only science book but also novel and Same-Sex Unions in Premodern Europe as well as others sources were given knowledge for you. After you know how the truly amazing a book, you feel want to read more and more. Science guide was created for teacher or perhaps students especially. Those books are helping them to add their knowledge. In other case, beside science publication, any other book likes Same-Sex Unions in Premodern Europe to make your spare time a lot more colorful. Many types of book like here.

Roberta Anglin:

Reading a publication make you to get more knowledge from that. You can take knowledge and information from a book. Book is created or printed or highlighted from each source that will filled update of news. In this particular modern era like now, many ways to get information are available for you actually. From media social including newspaper, magazines, science reserve, encyclopedia, reference book, new and comic. You can add your understanding by that book. Are you hip to spend your spare time to spread out your book? Or just trying to find the Same-Sex Unions in Premodern Europe when you needed it?
